

HAVENING MENTORSHIP WITH ELENA KINDLER

I am so excited to work with you on your journey towards Havening certification! You have up to *one year* from the date of training to complete all the steps necessary for me to recommend that you are certified as a Havening Techniques® Practitioner (after that, you would need to retake the training). The Havening certification process includes:

- 30 case studies
 - Submit at least 2 case studies for each of the techniques.
 - You can work on the same person up to 3 times.
 - Use the editable form that I give you to use (NOT the one in the resource library of the Havening.org website). I will provide you with 2 model case studies to guide you as to what I'm looking for.
 - **I strongly recommend that you try to complete the case study form immediately after the session ... and if that's not possible, to at least take a few minutes to write down detailed notes that will help you remember the details for later in the day when you can write it up. Do not wait days to write up your case studies! Unless you have an amazing memory, it will be much more difficult, and you may end up "wasting" a good session and having to do much more work than you need to!**
 - Please email me at Elena@MetamorphosisHavening.com with your case studies using the heading: [YOUR NAME]: CASE STUDY #__ - __.
 - Submit 5 case studies (one or two at a time, or all 5) and review my feedback before starting your next 5 case studies.
 - While you can submit case studies on your own schedule, I suggest trying to submit at least 5 case studies each month so that you can get ongoing feedback from me that will help you hone your skills and/or confirm you are on the right track; if improvements need to be made, you want to know this early on, and certainly before you are half-way done with all your hard work and/or are running out of time!
 - I will provide detailed and timely feedback, typically by email, to facilitate your learning.
 - Once you have submitted 30 case studies that meet these criteria and are sufficiently detailed and skillful for me to accept, you will have completed this portion of the certification requirement.

- 2 recorded video sessions
 - Have the "client" sign the video authorization form before you videotape the session. Please email me a copy of the signed authorization with each video recording you submit.
 - I prefer a video that is 30-60 minutes in length (if it is a little under or over, that's OK).
 - If possible, please send me a zoom link I can review. If you would like to submit a video by any other method, please talk to me FIRST to make sure I will be able to view it in the other format!
 - The video needs to show both you and the client and have good audio quality (another reason why a zoom recording is ideal!).
 - Please submit your first video to me at around your 10th Havening session and again between your 20th-25th Havening sessions.
 - If you like, you can do a recorded zoom session with me in lieu of a second video submission.

- I will provide detailed and timely feedback, typically by email, to facilitate your learning.
- Once you have submitted 2 video recordings that meet these criteria and are sufficiently detailed and skillful for me to accept, you will have completed this portion of the certification requirement.
- Science Exam (online)
 - Most students worry a lot about this, but I can assure you that between the Primer, the training, and the PowerPoint, you will have all the information necessary to answer every question on the exam! And the exam is OPEN BOOK! You can have all your resources in front of you when you answer the questions. And, you have 3 attempts! So, try to relax. I recommend printing out the test first, reading it over once or twice, and then reading the Primer with the test on hand. You will be able to answer most of the questions this way.
 - I *strongly recommend* you try to complete the science exam within a few weeks of the training, once you've read the Primer (and reviewed the PowerPoint slides, if needed).
 - In our first group mentorship session, I will reserve plenty of time for any specific science questions you have so I'd encourage you to dig right in right away and jot down questions about anything that may be unclear. (See more about group mentorship sessions below.)
- Ethics Exam (separate fee)
 - You will need to separately purchase and review the Midge Murphy written legal/ethics materials and then complete and pass the Ethics exam before you can become certified. When you receive the written confirmation that you passed the exam, email it to me with the heading: [YOUR NAME] – ETHICS CERTIFICATE.
- Optional Group Mentorship Sessions online
 - I intend to host 5 online group mentorship sessions, approximately once per month for the first 5 months after the training (on a date/time that works best for most.) These are totally optional! I'm just trying to support your learning and help you keep on track. I anticipate that each will be 60-90 minutes – approximately 30 minutes for questions and 30-45 minutes for hands-on practice with other students (which you can write up for a case study!!). As of now, I am planning on focusing the sessions on these topics:
 - 1st session – Science review and reviewing how to write up a case study
 - 2nd session – Event and Transpirational Havening
 - 3rd session – Outcome and Role Havening
 - 4th session – Resilience-building and Affirmational Havening
 - 5th session – more on Amygdala-based disorders and how to weave the 7 Havening techniques together

I'm here to support you on your certification journey, so if you're getting stuck or confused, or if there is something I need to be aware of, please reach out to me via email right away. Don't wait.
